SURROUNDING YOU (KEY OF G)

VERSE 1:

G **C**
I've been waiting for Your voice to come and speak
G **C**
To come and meet me in my place of deepest need
Em **C**
But it wasn't till the silence overcame
Em **D**
The raging war inside that I could hear You say
G **C**
Who I am
Em **D**
and who You are

VERSE 2:

I've been hiding while my heart is locked away
Hidden shadows in my soul I could not face
But Your kindness rushes through me like a flood
Every part of me awakened to Your love
You're saying...

CHORUS:

C **Em** **D**
There's nothing you have to do
C **G** **D**
I'm surrounding you, oh, I'm surrounding you
C **Em** **D**
There's nothing you have to prove
C **G** **D**
I'm surrounding you, oh, I'm surrounding you

INTERLUDE: G C Em D

VERSE 3:

For all the broken pieces buried deep inside
For every crack and crease that I still try and hide
There is One who says do not be afraid
For I have come to resurrect you from the grave
